

DESKTOP SCREEN DIMENSIONS

The NOBO desktop screen is a versatile, ergonomic, compact and lightweight projection screen that is the ideal companion product for the mobile presenter or the office presenter with limited space available to use and store larger or more permanent screen types. With a 125cm video format (4:3) matt white projection screen surface, the Nobo desktop screen is perfect for use with today's multimedia projectors. Designed from the ground up to be intuitive and user-friendly, the Nobo desktop screen takes a matter of seconds to set up and operate. The application of proven technologies and simple robust features maximise the strength and stability of the screen whilst giving the user ultimate control of the screen both in use and in transit.
