

IMPRESSION PRO Water Base Pavement Sign

This A1 water base pavement sign is ideal for securely displaying notices, posters, advertisements and important information in storefronts, on pavements, or in high-traffic areas. Bordered by a aluminium 38mm trim, the poster stand features round corner caps for a sleek look - perfect for any environment. The snap-open and snap-close design allows for quick and easy hassle-free document changes - ideal for both temporary or permanent displays. The pavement sign features a double sided display that maximises visibility, allowing your message to be seen from both directions. For added stability, the sturdy base can be filled with water or sand, offering strong resistance to high winds. The steel springs connecting to the base add flexibility and help maintain a secure, upright position. The concealed wheels provide easy movement between locations while the anti-glare polypropylene cover protects your documents from dirt and moisture while keeping it clearly visible. The non-reflective surface is also easy to wipe clean, ensuring your message always looks its best. A1 poster frame size. Be clear with Nobo.
